PROJECT PURPOSE
The capacity and the implementing mechanisms of Multi-Disciplinary Teams (MDT), Authority for Family, Child and Youth Development (AFCYD) and Ministries’ are enhanced for the prevention of and response to child protection concerns.

OVERALL GOAL
The Child Protection System is strengthened and sustainably managed by the Government of Mongolia with the new legislations of Child Rights Law, Child Protection Law and Law on Combating Domestic Violence of 2016, in order for every child to attain his/her right to protection from all forms of violence in Mongolia.

DIRECT BENEFICIARIES:
128 MDT members, 40 non-MDT, government officials who are likely to be engaged with prevention of and response to child protection concerns, 1,065 parents and caregivers, 160 children

INDIRECT BENEFICIARIES:
50,000 parents and caregivers, 10,600 community members, 44,225 children

COLLABORATING ORGANIZATIONS
• AFCYD and its city, district and aimag branch offices
• Secretariat of Coordination Council for Crime Prevention under the Ministry of Justice and Internal Affairs, and its branch offices
• Selected MDTs and
• International Organizations and NGOs.
TARGETED AREAS:
TOTAL 16 SOUM/BAGH/KHOROO MDTs

- Arkhangai aimag
  - Bayan-Uul soum
  - Khalkhgol soum
  - Kherlen soum, bagh #1

- Ulaanbaatar city

- Dornod aimag
  - Bayan-Uul soum
  - Khalkhgol soum
  - Kherlen soum, bagh #1

OUTPUTS

OUTPUT 1
MDTs in the target areas demonstrate the basic capacity to respond to child protection concerns.

OUTPUT 2
MDTs in the target areas demonstrate advanced capacity (case management) to respond to high-risk child abuse cases.

OUTPUT 3
MDTs and AFCYD demonstrate capacity to implement “Positive Discipline for Everyday Parenting” programs for parents and caregivers.

OUTPUT 4
MDTs demonstrate the capacity to conduct awareness-raising activities, guiding local community members.

OUTPUT 5
National-level policies and measures are developed to support the child protection system.

OUTPUT 6
Cross-sectoral and vertical collaboration between institutions are strengthened and sustained to improve the quality of MDT activities.
