

# Let's Use New combined MCH Record Book !

1

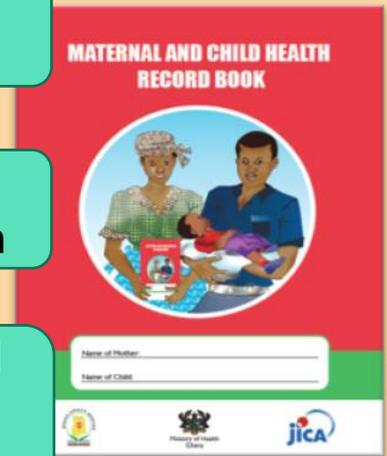

Issue MCH RB to every pregnant woman at their first ANC visit

2

Use MCH RB to document all essential records of pregnant women and children

3

Use MCH RB for sharing information and counselling pregnant women and caregivers of children

## Achievements so far

**In 95 facilities visited during the monitoring in Jan-Mar 2019,**

- ★ **82%** were using MCHRB
- ★ **More than 85% of PHN and NO and 66% of midwives** received formal training and/or OJT

## Our future plan

- ★ Intensive intervention in **11 pilot districts** in Ashanti Region
- ★ Improve client experience and QoC through introduction of **Nutrition Clinic and Respectful Care training** in Ashanti region

## Good practices for successful implementation

- Documentation of essential information** including name of health worker and stamping on COC cards
- Appropriate **Weight and Height Measurement and Plotting**
- Nutrition counselling:** use of counseling skills and recording
