Panfruit
UKRAINE

LLC PANFRUIT UKRAINE

Kyiv

The company specializes in the freeze-drying of fruits, berries, and plant-based products. Its product line includes whole freeze-dried berries and fruits, fruit powders, innovative snacks such as freeze-dried ice cream (“Frozen Cloud”) and plant-based crunchy blends.

Internationally, the company exports to the EU and U.S. to importers, distributors, and private label brands in the organic and healthy snack segment. Asia, and Japan in particular, has a strong demand for high-quality, clean-label, traceable and innovative food products, and the company’s freeze-dried snacks and ingredients may fill in such demand.

Confectionery Products

Smakuli

Budmo Zdorovi

Lviv

Budmo Zdorovi manufactures gluten-free and prebiotic cookies and snacks that meet the growing demand for health-conscious products.

The company exports its products to European countries (Germany, Sweden and Poland) and U.S. It aims to further expand to the Japanese market, building long-term partnerships and strengthening its international reach. Clean-label nature, natural ingredients, excellent taste, and consistently high production quality will help the company build trust and secure customer loyalty.

Participating companies

Furniture manufacturing

nesto®

LLC Nesto

Lviv

Nesto specializes in manufacturing of custom-made furniture, offering a product range that includes case furniture, wall panels, veneered ceilings, wooden partitions, and interior doors.

The company exports its products to European countries and Canada. The company is viewing working in the Asian market in two areas: the development of serial furniture collections that can be exported in large batches, and production of custom-made furniture tailored to individual client needs.

Participating companies

Furniture manufacturing

TIVOLI

LLC Furniture plant “Stryi”

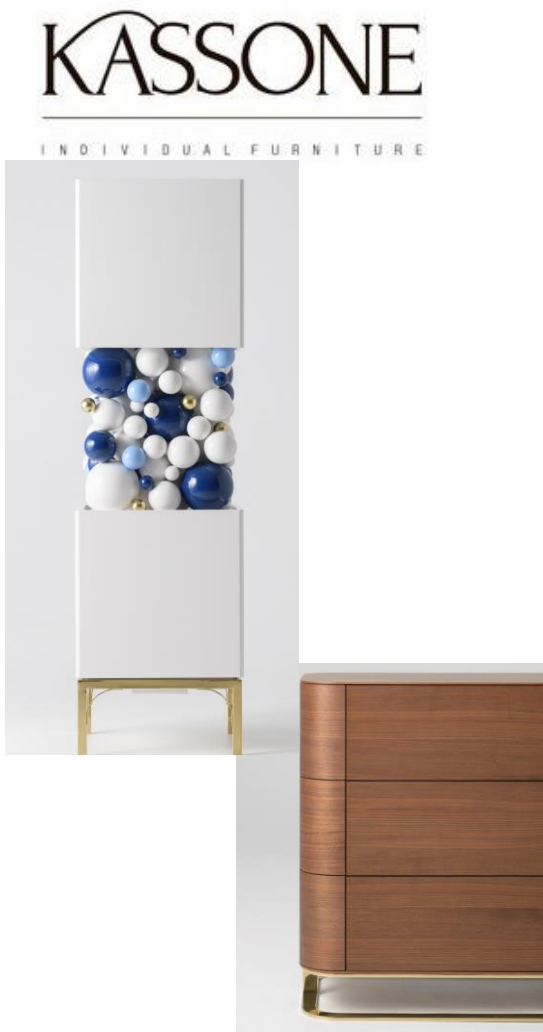

Lviv

Tivoli is a leading manufacturer of wooden furniture, specializing in seating and different types of tables. The company is known for its award winning design, quality and durability of goods. In addition of producing goods under its own brand name, Tivoli also manufacturers private label products for its major international clients.

The company currently exports to the United States and numerous European countries, with plans to expand into Asian markets. This strategic growth aims to boost sales of value-added products and strengthen the Tivoli brand globally.
