The Japan International Cooperation Agency (JICA) is the executing agency of Japanese Official Development Assistance (ODA).

JICA envisions a free, peaceful, and prosperous world where people can hope for a better future and can explore their diverse potentials. JICA's commitment is based on its Development Cooperation Charter, where they work with partner countries to achieve human security and quality growth.

JICA is the world's largest bilateral aid agency working with over 150 countries and regions. It has 15 branch offices across Japan and about 700 overseas offices including the Philippines.

JICA is steadfast in sharing Japanese expertise and technology for long-term development impact. A key development partner of the Philippines since the 1960s, JICA also acts as a bridge towards stronger bilateral relations and lasting partnership between Japan and the Philippines.
