BRAZILIAN GREEN WAY
Land restoration and food security

About the Program

The **Brazilian Green Way** aims to restore **40 million** hectares of degraded land over 10 years for use in sustainable agricultural and forestry production systems:

- Increasing food and biofuel production.
- Promoting food security and energy transition.
- Reducing greenhouse gas emissions.

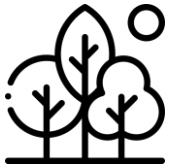
BRAZILIAN GREEN WAY
Land restoration and food security

Environmental and Labor Conditions:

Sustainable Agricultural Practices

Low-carbon or carbon-neutral production

Annual Carbon Balance



Zero Deforestation

Labor Certification

First Phase

The 2nd **Eco Invest Brasil Auction** allocated **R$30.2 billion** to finance producers through **Brazilian Green Way**.

This amount will allow the **restoration of 1,4 to 3 million hectares** of degraded land.
