

# Project of Capacity Development for the Implementation of Agricultural Insurance

Nov. 2020

## Training for AOTP

The Project held training for extension workers and pest inspectors to better understand and implement the AOTP (agricultural insurance for paddy).

Nearly 80 participants joined the 3-day online training in East Java and South Sulawesi provinces.

## 5th JCC held

The 5th Joint Coordinating Meeting (JCC) was held online on 30th Nov. with 42 participants from five joint implementation agencies. Participants discussed the progress and future plans for the Project. The Project recommended to update AOTP guideline with inputs from the Project, and to collaborate with pilot province (West Java Province) to conduct pilot activities for the AYI (Area Yield Index) Insurance, and to continue cooperation towards drafting the Presidential Decree on agricultural insurance.

## Webinar on Agriculture Insurance

On 13th November, the Project held a webinar on agricultural insurance with Mr. Roman Shynkarenko of AgroInsurance International. Based on the findings of the Project's survey conducted last year, recommendations for the current AOTP were made and specific steps were proposed for long-term sustainability.

## Introduction of Project Members
