

## Revision of Job Coach Training Text

A two-day workshop for revision of Job Coach training text was held in September. 13 Job Coach trainers divided roles and each one modified several modules by inputting their experience as Job Coach trainer and presented revision points to others. The main objective of this revision was to develop unified text which is more suitable for training in Jordan. The revision will be completed by end of October and we are going to use new materials from forthcoming Job Coach training.

Presentation about revision points

## Peer Counselors' meeting

As a follow up for Peer Counseling training held in August, ex-participants gathered and developed action plan for the coming three months. They discussed how to expand idea of peer counseling and implement sessions and support group. Peer counselors working with NGOs and Governmental entity raised idea of introductory course of Peer Counseling for their colleagues with/without disabilities. Since this can be good chance to increase supporter for Peer Counseling, the project will support it.

Action plan making

## Job Coach support by OSH supervisor

By efforts of MOL, NGOs and companies, there is active employment for PWDs in Dhulail area. A garment factory in the area has an Occupational Safety & Health (OSH) supervisor, who has participated in Job Coach training. The OSH supervisor is supporting employee with disabilities in his factory by utilizing idea of Job Coach. The project is planning to expand this kind of system in near future.
