

Introduction of Peer Counseling

A one-day workshop was held for 9 staff of Medecins Sans Frontier, which provides support for injured people and PWDs at a private hospital in Amman. The workshop was consisted by two parts, "introduction of Peer Counseling" and "understanding on disabilities". This workshop was requested by MSF after 3 years cooperation with JICA. A peer counselor trained by JICA has been providing Peer Counseling in the hospital and then the staff in charge of MSF

started to think about dissemination of idea of Peer Counseling among their staff. It is meaningfulness that non-PWDs were convinced by PWDs' activity and become supporter of it. Therefore, the project will continue to support PWDs in similar way.

Trial of Peer Counseling session

Job Coach Sharing seminar

The 2nd Job Coach Sharing seminar was held in Amman. This seminar is held every 6 month with the aim of information sharing and learning among Job Coaches. There were presentations by Job Coaches on their experience with Job Coach service. Additionally, 21 ex-participants of Job Coach training were newly certified as official Job Coach after submission of 2 case reports.

with new 21 official Job Coaches

TOT for Guidebook facilitators

The project has been providing awareness raising and guiding session on employment for job seekers with disabilities and employers. This has been used as a tool to convince both side to take first step of employment PWDs. The TOT was provided for 7 staffs who have started to work for employment PWDs in addition to 7 existed facilitators.
