

Peer Counseling and Career Counseling at Job Fair

International Orthodox Christian Charities (IOCC) held its 3rd Job Fair for PWDs in Amman. Prior to the day, Ministry of Labour requested a booth for Peer Counselor and Career Counselor to provide individual counseling to job seekers with disabilities. Some job seekers with disabilities visited the booth where they were in need for Peer Counseling and said “It was good that I had opportunity for individual counseling”. Since effectiveness of Peer Counseling for job seekers was confirmed, the project will seek more opportunity to provide the service together with Career Counseling.

5days Job Coach Training

The 5days Job Coach training was held from 21st to 25th April. The project targeted local NGOs which showed interest in participating to the training after the Job Coach National Seminar in January and liaison officer of employment office who haven't attended to the training. In addition to them, 2 JICA's volunteers who are working in the field of disability participated and learned with other participants.

Group Discussion

Syrian woman with disability working with NGO

One of Syrian women Peer Counselors is working with IOCC as a paid volunteer. She is working 3days a week for a project of elderly people and doing paperwork. She was attending to the Job Fair introduced in above article and registering information of job seekers. She told that she has been becoming confident through this first job experience.
