The first home visit is for the follow-up of the mother and newborn after the delivery

Schedules of the check-up by the midwife should correspond to CHT's home visit! Refer to the MC book to find the dates of Postpartum care (P18) and Newborn care (P21) by the midwife.

Refer to MC BOOK p 25, and then mark appropriate columns

- DIRECTION**
- ASK mothers about each status on the column, and then CHECK the Mother and Child Book for accuracy.
  - CHT members should conduct home visit to remind a mother of her postpartum check-up & newborn check-up by the midwife. The date of CHT's home visit should correspond to mother's postpartum and newborn checkups.
