

Project for Improvement of Livelihood for Small-scale Farmers in Eastern Black Sea Region (DOKAP-TARIM)

1. Outline of the Project

The DOKAP-TARIM Project aims at strengthening public extension service for multiple farming in the hazelnut and tea monoculture area in Eastern Black Sea Region. In our blueprint, hazelnut or tea producers enjoy better life by means of additional income sources in near future.

The outline of the JICA-supported project is given below.

Overall Goal (until 2013):

- 1) Farming improvement method is extended to the small-scale farmers in the 6 provinces.
- 2) The livelihoods of the small-scale farmers are improved in the model area.

Project Purpose (until 2010):

- 1) Basic structure and systems of farming improvement for the 6 provinces is developed.

Outputs:

- 1) Agricultural information and extension system for the farming improvement is developed.
- 2) Experimental multiple farming is implemented in the model area.
- 3) Farming improvement plan for small-scale farmers in the 6 provinces is proposed.
