

**Publication Notice for Consulting Services for Research on Hydrogen and Geothermal Energy Development in Latin America and the Caribbean**

The Japan International Cooperation Agency (JICA) is the sole implementing agency for all major Japanese Official Development Assistance (“ODA”) schemes—including Technical Cooperation, Grant Aid and Finance and Investment. JICA’s main objective is to contribute to the promotion of international cooperation as well as the sound development of the Japanese and global economy by supporting the socioeconomic development, recovery or economic stability of development regions. It currently operates in approximately 155 countries.

The JICA USA office plans to employ consultants to conduct a research to assess the prospects of hydrogen and geothermal energy development in Latin America and the Caribbean and to consider possible solutions to address key challenges affecting most countries in the region. The ultimate objective of the research is to provide policy recommendation that will assist multilateral and bilateral development agencies, including JICA in considering how to effectively approach to key challenges affecting hydrogen and geothermal development in the region.

Please read the attached Request for Proposals of this assignment and submit a technical proposal for conducting the solicited services. Required qualifications for application and the items that should be covered in the proposal are as follows:

1. Qualifications

- (1) Team Leader must have a Master’s degree with 20 years of experience in the field of development.
- (2) Research Fellow, Master’s degree with 8 years of experience in the field of development. Work experience in the field of renewable energy is preferred.
- (3) The expert consultant must be fluent in English.
- (4) The consultant(s) or consulting firm must have a bank account at a financial institution domiciled in the United States of America.

2. Items to be Included in the Proposal

- (1) The background and experience of your firm, including a list of present and past work (within the last five (5) years) of a nature similar to this assignment. A report of one such work should be attached to the proposal.
- (2) The name, background, and professional experience of each staff member to be assigned to the project, with particular reference to his/her work experiences of a nature similar to that of the proposed assignment.
- (3) The general approach, methodology, and overall work program which you propose for carrying out the services covered in the Terms of Reference.

3. The Financial Proposal

You are requested to submit your financial proposal in a separate sealed envelope.

Selection will be made on the basis of the ranking of the technical proposal according to the qualifications of the consulting firms, assigned staff as well as the quality of their respective

approaches, methodologies, work plans. The evaluation criteria are included in the first appendix to this public notice.

In addition, please note that the total contract amount for this project will be paid after the completion of service. However, if requested by the consultant, JICA USA can make partial payments. Detailed terms and conditions of payment will be discussed during the process of contract negotiation.

We request that you notify us by email (us\_oso\_rep@jica.go.jp) no later than **June 29, 2022**, if you intend to bid for this assignment. You are requested to send by mail three (3) copies of your technical proposal, along with one copy of your sealed financial proposal, to the address below no later than **July 13, 2022**. We will only accept those proposals that are delivered on or before **July 13, 2022**.

JICA USA Office  
1776 I (Eye) Street, NW, Suite 895  
Washington, D.C. 20006

Should you desire additional information, we will do our best to provide it. However, requests for additional information or any delay in complying with such requests shall not, in any way, affect the obligation of interested firms to send complete proposals by the deadline indicated above.

Sincerely,

Takao Shimokawa  
Chief Representative  
JICA USA Office
