

Project Brief

Issue: Economic Infrastructure (Energy)

Scheme: ODA Loans

Project Title: Tashkent Thermal Power Cogeneration Plant Construction Project (UZB-P15)

Loan Amount: 12,000 million Japanese Yen (approx. 107 million US Dollars as of October, 2017)

Terms and conditions of repayment: Floating rate calculated as 6 month JPY LIBOR minus 1.33% (other than engineering services), 0.01% a year (engineering services).

Repayment Period: 40 years, including 10 years of grace period

Tying Status: Untied

Uzbek Counterpart: JSC Uzbekenergo.

Project Goal: to enhance efficient and sustainable supply of heat and power in Tashkent city, by constructing a thermal and power cogeneration facility in the city, thereby contributing to the country's sustainable economic growth.

Project Scope: Construction of two gas turbine units of 27 MW each for cogeneration power plant.

Results (Expected for on-going projects): Stable supply of heat and power in Tashkent city.

Geographical Location: Tashkent city, Uzbekistan.
